Opportunities

The Oregon BIRCWH program provides salary support for 75% FTE up to \$100,000 total (including other payroll expenses/fringe benefits), \$3,500 yearly for supplies, and \$2,600 yearly for travel related to the project. The scholar's department must commit \$10,000/year to the scholar which is matched by the institution at \$15,000/year for a total of \$25,000/year for research, supplies, and additional travel for the scholar. The scholar also has access to core statistical and IRB services.

To apply, submit a 4-6 page letter of intent with the following information:

- Description of candidate and commitment to research in women's health.
- Describe how the OHSU BIRCWH program will further the candidate's research career and ultimately impact women's health.
- Career development plan (including timeline).
- Proposed Mentor if known and mentorship plan.
- Research Plan: specific aims, background, research design and methods (including timeline). References are not included in the page limit.
- Biosketch of candidate and primary mentor (not included in page limit). Biosketches of remaining mentors are encouraged but not required.
- Letter of support from the department chair confirming a faculty appointment and departmental committments. See "Selection Criteria" for more information.
- Letters of support/recommendation from mentor team or others are not required, but may be included.Please email your completed application to:BIRCWH Director Jeanne-Marie Guise, MD, MPH at guisej@ohsu.edu BIRCWH Program Administrator Tahroma Alligood, MPH at alligoot@ohsu.edu
